

# MUA Classic Cover

Classic cars and motorcycles are more than just a possession, but a profound passion. Since 1988, we have been at the forefront of insuring valuable classic cars, and our passion for the craft endures to this day. Drawing from decades of experience, we offer comprehensive insurance cover for your classic car collection, ensuring each vehicle is valued on an agreed-upon basis. Trust us to support your ardor for classics as fervently as you do.

**We understand the unique needs of our clients and have crafted a classic cars and motorcycles product designed specifically for classic motoring enthusiasts.**

- **Agreed Value Basis:** The value of your classic vehicle or motorcycle is determined by an independent expert valuation, ensuring a mutually agreed-upon and accurate vehicle value.
- **Private Use Only, with Occasional Hire:** Coverage is designed for private use of your classic vehicle; however, the vehicle enjoys protection during occasional hire for special events like weddings or matric farewells.
- **Unlimited mileage** at limited mileage rates.
- **Cherished remains:** In the event of an accident where your vehicle is considered uneconomical to repair, you will be given the first option to purchase the cherished remains. This allows you to retain ownership of the sentimental components of your beloved vehicle.
- **Freedom to choose the repairer of your preference:** as we provide you with the option to decide who repairs your vehicle.
- **Malicious Damage Cover, Including Soft Tops and Convertible Vehicles:** Coverage offers extensive protection against malicious damage, covering not only the vehicle but also soft tops of convertible vehicles.
- **Emergency Repairs:** We understand the importance of keeping you on the move. In the event of an emergency, we offer coverage for emergency repairs up to a limited amount, allowing you to continue your journey without the need for prior authorisation from us. Your convenience and safety are top priorities.
- **Importing Parts:** Coverage extends to accommodate the importing of parts that are unavailable in South Africa at the time of repair. We understand the importance of ensuring your vehicle is restored to its optimal condition.
- **Safeguarding and Transport:** Coverage extends to include the reasonable costs of safeguarding and moving your vehicle to the nearest repairer after damage, and returning it after repairs are completed.
- **Third-Party Legal Liability:** This insurance is specifically designed to offer compensation to a third party in the event that you cause damage to their person, vehicle, or property. Your coverage ensures that you are protected from potential financial liabilities arising from such incidents.

Insuring the individual is what our exclusive network of 800 hand-picked brokers across South Africa does best. The care your portfolio of assets needs is simply a click away.
